

November 4, 2020

Dear Haven Family and Friends,

Today we were notified of one resident testing positive for COVID-19 within nursing care, the Haven.

The resident remains on our campus and has been assessed by their physician.

No additional team members have tested positive for COVID-19.

All impacted residents, families, and team members have been made aware. We have also been in communication with the Pennsylvania Department of Health.

Thank you,

Nan Yeater, NHA
Administrator
Valley View Haven
